Rodeo is a passion project I began ideating late last year. An idea that started as a collection of PFPs representing cowboys and cowgirls, a nod to the wild west we call web3, quickly evolved into a much larger opportunity for the space as a whole.

web3 and whiskey, the official Gasoline podcast, will center around educating and onboarding both crypto native and non-crypto native members through in-person conversations that allow for humanity to show through all the buzz words.

Over the coming weeks more will be revealed about our future roadmap for Rodeo. You won't find Discord grinding or overcomplicated allowlist gimmicks here.

For those of you who have been following since day one..

I just wanted to update everyone on the litigation with Hermès. The judge has ruled that the First Amendment applies in our case, and we are confident that in the end MetaBirkins will be fully protected as free artistic speech. We're continuing to litigate the case toward that result, and we'll update you as the case unfolds. Thanks, everyone, for your support!
